

## KERALITE-F WARRANTY

**LIMITED 3 YEAR WARRANTY KERALITE-F:** Manko Window Systems, Inc. (“Manko”) warrants only that its Keralite-F fire rated glazing surface-applied film will maintain peel adhesion without peeling, cracking, crazing, delaminating or discoloring for a period of three (3) years from the date of manufacture. Iridescence of the surface-applied film can occur and become noticeable by certain types of lights and viewing angles. Incident light waves from fluorescent light sources and dark backgrounds can amplify the effect. Iridescence is inherent to the product, but does not affect the performance of the glass in case of fire, and shall not be considered cause for rejection. The remedy for product proved to be defective under the terms of this warranty is limited to the replacement of the surface-applied film.

This warranty shall not apply if the failure is caused by acts of nature, intervening cause, mishandling, misuse, abuse, improper installation, installation by unqualified glaziers or by any other cause whatsoever not within our exclusive control, and shall not apply unless the failure occurs within the warranted period. The obligation of this warranty is to replace the defective film or glass, F.O.B. manufacturer’s warehouse, but in no event shall Manko Window Systems, Inc. be responsible to cover any cost of removal, installation or re-installation, loss of use, incidentals or any consequential cost associated with defective product. Any glass replaced under this warranty is limited to the original warranty period and shall not be extended beyond the original warranty period.

**TRANSPORTATION AND STORAGE CONDITIONS:** Transport and storage of Keralite-F products must be in a vertical and dry state. Extreme climatic and weather conditions must be avoided.

**HANDLING AND INSTALLATION REQUIREMENTS:** The product warranty is subject to Keralite-F glass having been handled and installed in accordance with published instructions. It is essential that glazing contractors or other handlers or installers be familiar with such instructions. All subsequent product processing, additions, or alterations not authorized and monitored by Manko are specifically prohibited. If the products are used in fire-rated applications not covered by Manko product specifications, all warranty is null and void. MANKO MAKES NO OTHER EXPRESS OR IMPLIED REPRESENTATION OR WARRANTY OF ANY KIND REGARDING THE PRODUCTS, WHETHER AS TO MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR USE, OR ANY OTHER MATTER.

**Other Provisions:** The provisions of Manko’s Standard Limited Warranty and Remedy found on the last page in this document and at [www.mankowindowsystems.com](http://www.mankowindowsystems.com) apply to, and are incorporated into, this Keralite-F Warranty.
